BOX INTERNAL IDENTIFICATION NUMBER: 35
STATE ARCHIVE BOX ID NUMBER: ENVRPR-0102

STATE ENVIRONMENTAL COMMISSION MEETINGS - 1992 January through August

STATE ENVIRONMENTAL COMMISSION MEETINGS/HEARINGS
1/24/92 - 8/12/92

1/24/92: EXCLUSIVE ENVIRONMENTAL SOLUTIONS
REQUEST for APPEAL

1/30/92: CYNACO
REQUEST for APPEAL

2/10/92: Hazardous Waste - UST:
Adoption of amendments to outline tank testing requirements and reduce the amount of assets required as evidence of financial responsibilities to match the amendments to Chapter 590 of NRS.

Adoption of emergency regulation making the per ton hazardous waste fee set forth in NAC 444.8452 (1) (1) a uniform amount of \$20 per ton.

Water Pollution:

Adoption of the 1990 Review of Water Quality Standards for Salinity Control Colorado River System and the Supplemental Report on the 1990 Review prepared by the Colorado River Basin Salinity Control Forum.

Adoption of regulations governing fees for permits to reuse treated wastewater for irrigation.

Adoption of regulations for general wastewater discharge permits.

Air Pollution:

Adoption of amendments to the air quality regulations, NAC 445.430 through 445.846, inclusive, to exclude construction of fossil fuel fired steam electric generating facilities from certain areas within Clark County; and also to provide exemption for existing facilities.

APRIL 16, 1992

Water Pollution:

Adoption of amendments to implement a program for mandatory certification of wastewater treatment plant operators as authorized in NRS 445.201

Adoption of amendments to NAC 445.010 through 445.035, Protection of Lake Tahoe, which were adopted by the Board of Health in 1967.

Hazardous Waste:

Adoption of amendments of the hazardous waste regulations to be included in NAC 445, would change the reporting requirement from an annual to biennial report.

Adoption of amendments of the hazardous waste regulations to be included in NAC 445, governing hazardous waste management to include an administrative stay until October 30, 1992, for the requirements that existing drip pads at wood treaters be impermeable.

Adoption of amendments that would limit the life of certificates of designation and written determinations, make them non-transferrable and require close to be initiated at a facility that does not maintain other required permits.

MAY 21, 1992

Hazardous Waste:

Set fees for facilities which produce, use, handle or store highly hazardous substances and to establish a system for prioritization of facilities to perform an assessment of risk through the analysis of hazards.

To establish methods and procedures for performing assessment of risk through the analysis of hazards, qualifications for persons to perform the assessment of risk through the analysis of hazards, facility recordkeeping requirements and State agency reporting forms.

Air Pollution:

Smoke opacity standards for diesel powered vehicles to conform with programs established pursuant to AB 812 (NRS 445.631)

Establish a program for roadside smoking vehicle inspections for heavy duty motor vehicles as mandated by AB 812 (NRS 445.631)

To reference the most recent edition of the code of Federal Regulations.
